EDUCATION

Degree
kathmandu college of technology • 01/2019 - 12/2024

Skills: Front-End Development · GitHub · React.js

PROJECTS

Koseli • 09/2024 - 11/2024
Silicontech Nepal Pvt. Ltd.

An online food ordering system with fully dashboard for multiple admins. There are features like booking the table from different restaurants, ordering food, location based filtering the restaurants, Authentication etc.

Jiffychat

A real-time chat application developed with Next.js,Socket.io,React,Typescript,RTK Query, offering seamless messaging, audio call and video call experiences. Features include real-time messaging, user authentication, and group chats.

Moviehub

Developed a dynamic movie catalog web application using React, Tailwind CSS, and the TMDB API. Implemented CRUD (Create, Read, Update, Delete) operations utilizing Firebase for seamless user interaction. Users can add movies in favourite section and there is authetication using firebase. This

project showcases my proficiency in front-end technologies, API integration, responsive design, and utilization of Firebase for database operations.
